

NCRCF
President's Report
MAY 2009

Welcome to Springtime..... ☺

Looks like the weather is changing and time to fly is upon us. Time to break out those winter building projects and show us what you did over the winter. Our membership numbers have fallen due to economic woes but we are in good shape financially and look forward to seeing each and everyone of you for some great flying and crashing.

We have had several float fly events with limited participation and a Fun Fly at the field this past weekend at the field with a small turnout also. We are in the process of correcting our web site issues and will be able to post more information to the site in the upcoming months and hopefully have the issue fully resolved before the end of the summer. This should allow us to be more in touch with the membership and be able to keep the site more up to date. You should be able to access the Schedule, News Letter and other info as we move forward to correct the site.

Those of us who have been able to make the scheduled events had a great time and have witnessed some spectacular flying. The Fun Fly only had 5 participants but all were awarded prizes for their efforts. We also had Hamburgers and Hot Dogs cooked by yours truly. Check the schedule as there is another Float Fly at Tom's pond this coming weekend and rumor has it that Tom's Weeney Wagon will be open.

Safe Flying,

Jeff
